

Baton Caps

Each distinctive cap in the ASP gallery of designs is compatible with three million ASP Batons currently in service throughout the world. These specialized additions to your baton will fit and function flawlessly. Each cap serves a specific need. Each will enhance your performance. Each will increase your safety.

ASP Baton Caps are precision machined from high strength alloy steel or lightweight aircraft aluminum. They are undercoated to protect their threads. A surface finish guards against abuses of the street. Each cap is o-ring sealed to the expandable baton that it enhances.

A Distinctive Addition to your ASP Baton

BATON CAP SERIES

541__

Logo Caps are available with 66 standard Prestige insignias including ASP Certification, operational specialty, US military and State Seals.

521__

Logo Band Caps are available with Gold (52100) or Silver (52300) Bands to accent the Tactical Baton®. Caps are produced for all Prestige insignias.

52916

52915

543__

Grip Caps are designed to enhance retention. The Grip Cap is available in Textured, Electroless® and with Prestige insignias.

52921

52920

545__

547__

Leverage Caps lock the baton in the officer's hand improving retention and control. This unique design increases both speed to target and impact potential. Available in Textured Black, Electroless, Gold Band (54700), Silver Band (54800) and with Prestige insignias.

PRESTIGE LOGOS

Distinctive insignias are available in Brass, Nickel Silver or color fill. To order, combine the first three numbers of the selected Baton Cap with the two numbers of the desired Prestige Logo.

Custom logos are available in Brass, Nickel Silver or color fill. They may be die struck on request for individual agencies or divisions. Custom logos are available with an order for 20 Logo Caps or Guardian Handcuff Keys.

52923

52922

BreakAway® subcaps are designed to be interposed between the cap and handle of an expandable baton. Removing the cap exposes three ceramic pins set in a machined aluminum geodome. The BreakAway provides rapid entry through a vehicle window.

TACTICAL TRIADS

55601

Tactical Triads® attach a brilliant white 140 lumen light to an ASP Tactical Baton. A rotary switch guards against accidental activation of the compact Lithium powered LED.

TACTICAL DEFENDERS

52854

Tactical Defenders® place two proven control tools conveniently in hand. The straight line activation system of the Defender OC is combined with the proven dependability of the ASP Tactical Baton.

52914

Wrist Strap Caps are designed for mounted units. The stainless steel cap incorporates a closed loop parachute cord retaining strap and adjustable ball slide.
