

KLOGS®-USA footbeds provide comfort and shock absorption in all footwear styles. Our footbeds are designed with ample arch support and a contoured heel cup to reduce foot stress. KLOGS®-USA quality replacement footbeds will help to protect your feet by providing better cushioning and increased pressure distribution. They are light-weight, odor resistant, anti-microbial, and can be used in any brand of shoe. Most KLOGS®-USA products come with removeable and replaceable footbeds that are latex free.
